Radio broadcast with Radijojo Berlin

Trip to exhibition 'Erfinderland'

COMIC Art workshop

Professional Development for German teachers

RADIO BROADCAST WITH RADIOJOJO BERLIN

RADIOJOJO the German children's Radio brings everything that interests children. A colorful program with easy-to-understand information and helpful conversations. The variety of topics is limitless. For EBIS it is the fourth time to be a partner in this Radio broadcast. Together with a German school class from Hamburg, EBIS y7 students Ritaj, David, Karim and Omar were discussing about the 'City of the future'. The children were giving information and impressions about Hamburg and Cairo. They were talking about their view and what kind of city we need in the future. The city of the future need to be green and with culturally inspiring living conditions.

TRIP TO EXHIBITION 'ERFINDERLAND'

A group of German KS3 students visited on Thursday 14th October the exhibition 'ERFINDERLAND / LAND OF INVENTORS' at Goethe Institute Cairo. LAND OF INVENTORS is a travelling exhibition that tours Goethe-Institute centers around the world. It is primarily targeted at young people aged 12 – 16 with A2 German language level. The exhibition are linked to the "STEM Teaching" combined with German.

COMIC ART WORKSHOP

Goethe Institute is offering a creative Comic Art Workshop (ONLINE) on three Fridays with Mr Leo. He lives in Cologne and he is a professional Comic Artist. Some EBIS students know him as during the summer he was working with our PASCH choir ensemble to create a video for a song. We are happy that Ragy Wessam 8B, Rital Saeed 7B, Nour Ibrahim 7F are exploring more about Comic Art. They learn tips & tricks how to draw a comic character, how a joke can be represented as a picture or how they can tell a story through a comic and much more. Their first tasks for this week are: 1.) draw many small different silhouettes of figures. Realistic or fantastic, human, animal, mythical creature, vacuum cleaner ... 2.) Always carry a small notebook or book with you in which you can write and draw all your observations and ideas. What do you discover? What do you hear interesting?

PROFESSIONAL DEVELOPMENT FOR GERMAN TEACHERS

Goethe-Institute offers professional development courses for German teachers. Training courses for teachers of German, covering the German language, geography, and methodical approaches. The DLL 'Learning How to Teach German' Program is a practical continuing education and professional development series for teachers of German as a foreign language. The approach is to learn more about continuing education as well as the methodological and didactic foundations on which DLL series is based. We are pleased to announce that the German teacher Abier Ahmed & Malak El Guindi finished the DLL 6: CURRICULUM STANDARDS AND LESSON PLANNING and the DLL 4: ASSIGNMENTS, EXERCISES AND INTERACTION. And Mona El Kadi finished the DLL 5: MATERIALS AND MEDIA. Congratulations!
