WORKSHOP GERMAN READING SKILLS

Reading skills are abilities that pertain to a person's capacity to read, comprehend, interpret and decode written language and texts. Goethe Institute organizes regularly reading skills workshops for our German students. The workshop deals with the technique of reading aloud as well as the "artistic" aspect of reading aloud. We are happy that our EBIS German Reading Club students are very engaged. In November 2021 Dareen Salama, year 4C, Adham El Miniawy, year 5D and Rakan Khalifa, year 6A took part at the first workshop. The second workshop will take place in March 2022 where Marwa Hafez, year 4C and Mariam Hafez, year 5D will improve their reading skills. We wish them best of luck!

PASCH-AWARD CEREMONY

Thursday 25th Nov 2021 was really a very special day! EBIS German dep. was invited to the PASCH AWARD CEREMONY at the Safir Hotel. One of the special guests was the advisor of the Minister of Education. EBIS showed an amazing result: Five teachers were honored for their strong connection to Goethe Institute, for their efforts in education and their hard work in PASCH. Congratulations to Abier Said, Aya Helmi, Malak El Guindi, Carola Mansour and special thanks are going to the EBIS Music department and Ahmed Ibrahim who is always involved and very creative in the PASCH choir project. Furthermore we have to announce that one teacher of the EBIS Support/SEN department was honored too: Ms Amira Taha. With the help of PASCH scholarships she is studying German with such great energy and excellent results.

READING CLUB

The German department organizes a weekly German reading club. Talented students are invited to read in small groups once a week during the break. The goal is to show a good reading technique and to be prepared for the German Reading Competition at Goethe Institute in May 2022. Furthermore, we want to encourage the interest in reading and to improve the German language understanding. The groups are divided into the three language levels A1, A2 and B1. On 24th March 2022 we will organize the EBIS German Reading Competition to find the ideal candidate for the Final Competition at Goethe Institute. We wish them all best of luck!

GARBAGE ART COMPETITION

It was once said that one man's trash is another man's treasure.

On the occasion of the 10th anniversary of Cairo Climate Talks (CCT) our students were invited to liberate their creative selves by highlighting the importance of environmental issues for their lives through a Garbage Art Competition. Students (year 7 to 9) explored this notion by creating an artwork using materials available in their homes that would otherwise be considered as garbage.

A "Wall of Garbage Art" of all submitted artworks was presented during the CCT 10th anniversary event in late November at the German Embassy. Many thanks are going to Karim Hesham, year 7D, Nour Hashad, year 7D, Rital Saeed, year 7B, Lilly El Basel, year 8B and Ritaj Lotfy, year 8B for their creative ideas and art pieces.
