The children will explore the many different varieties of materials. They will be able to distinguish between an object and the material from which it is made. They will Identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock. They will also Compare and group together a variety of everyday materials on the basis of their simple physical properties. They will also learn about transparent, translucent and opaque objects.

What is coming up next in WORLD STUDIES?

Children will explore the world map, differentiating land area and the areas which are covered by water. They will be introduced to the 7 continents of the world along with their shapes, names and location. Afterwards, children will learn about the 5 oceans of the world. They will begin to understand that each continent contains countries. Children will identify and learn the names of the continents and oceans.

What is coming up next in SEAL?

Theme: Say NO to Bullying

This theme aims to develop and revisit four of the key social and emotional aspects of learning covered in our previous theme, through a focus on bullying -what it is; how it feels; why people bully; how we can prevent and respond to it; and how children can use their social, emotional and behavioural skills to tackle this crucial problem.

Theme: Good to be me

This theme is focusing specifically on feelings. It explores feelings in the context of the child as an individual, developing self-awareness and helping the child to realise that it really is 'Good to be me'. The theme is about understanding our feelings as well as considering our strengths and weaknesses as learners.

What is coming up next in PE?

Students will work on the tennis sport game; the students will learn the basics of this game. They will learn how to catch and throw the ball following the tennis game rules; also they will learn how to do forehand and backhand.
